

## Monday 21 September–Friday 9 October 2020

[www.rcr.ac.uk/dlp2020](http://www.rcr.ac.uk/dlp2020)

Join hundreds of doctors from all over the world at our exciting digital learning programme this autumn. With 28 sessions over three weeks, each lasting two hours, there's something for everyone. Hosted on a bespoke digital platform to ensure a first class experience, you can join using a computer, laptop or smartphone from anywhere in the world. With a registration fee of only £10 per session for RCR members and £15 for non-members, you gain exclusive access to the live sessions and the platform in advance so you can review cases, network with colleagues and review posters. Sessions will be recorded and you'll have access for three months so if you can't join live you won't miss out. We look forward to seeing you there!
